

VOLUNTEER GUIDELINES

Event rules sheet

A respectful, child-centered guide for every shopper and event volunteer.

When something feels unusual, unsafe, unclear, or outside this sheet: pause the activity and find a Campbell's Crew Cares representative before moving forward.

01 Help - don't choose

Let the child choose their own clothing whenever possible. Use the child sheet to guide priorities, but do not shop for your own taste.

02 Follow the child sheet

Use the listed sizes, preferences, accommodations, and essential needs. A little room to grow is better than clothing that is too small or tight.

03 Stay with essentials

Buy only approved essential clothing and personal-care items. Do not buy food, drinks, candy, hair accessories, hats, pajamas, toys, or other non-essential items.

04 Respect the budget

Stay within the assigned budget. If an item is not needed, use remaining funds only on another approved essential. A calculator is encouraged.

05 Keep it appropriate

Help the child choose age-appropriate clothing and items that fit safely. Ask a CCC representative if an item is questionable or not clearly authorized.

06 Protect privacy and dignity

Do not discuss a child's circumstances, application details, or personal information with others. Be encouraging, patient, and respectful.

07 Event-floor safety

Wear your CCC volunteer badge. Adults must follow event supervision rules. Keep the child's bag with the child after shopping so it is not lost or mixed up.

08 Ask for help early

CCC representatives and store associates are here to help. Treat everyone with courtesy. Stop and get a CCC representative for conflicts, medical/sensory concerns, separation from the group, budget questions, or anything that feels off.

Before checkout

Confirm the child has their bag, items match the approved essentials and sizes, spending stays within the budget, and any question has been cleared with a CCC representative.
