

What every shopper needs to know

Keep this sheet with the child's shopping page. When unsure, pause and ask a CCC representative.

HELP - DON'T PICK FOR THEM. Let the child lead choices whenever possible. If anything feels unsafe, unclear, or outside the printed sheet, stop and get a CCC representative.

TOYS: FIXED LIMIT - NO EXCEPTIONS

A toy is allowed **only when it is printed on the child's sheet**. The toy amount is a fixed maximum: **clothing money can never be used for a more expensive toy**. Toy money may be used for clothing instead, but it cannot be transferred the other direction.

CLOTHING BUDGET: USE IT WHERE IT HELPS MOST

Get **at least one item from every printed clothing category** first. After that, unused clothing money may move to another clothing category when it means more useful clothes. Track spending and stay within the total clothing budget.

01

Check fit and keep choices appropriate

Choose age-appropriate clothes that appear to fit. **Try shoes on - encouraged.** Never take a child into a dressing room - dressing rooms are strictly off-limits.

02

Follow the child's printed sheet

Use listed sizes, preferences, accommodations, and approved items. Do not add food, candy, accessories, pajamas, hats, or extras unless the sheet specifically allows them.

03

Bras are limited and specific

Bras are only for Girls/Women who truly need them, and only when both a bra size and bra budget are printed. Otherwise, they are not approved.

04

Stay together and protect privacy

Keep the child and their bag with you. Be respectful and encouraging. Do not discuss family circumstances, application details, or personal information with others.

BEFORE CHECKOUT

Confirm every required category has at least one item, purchases match the printed approvals and sizes, clothing spending stays within the clothing budget, and any question has been cleared with a CCC representative.

EVENT-SPECIFIC APPROVALS

Only items printed on the child's shopping sheet are approved. On a complete event packet, this area lists the active toy and bra approvals for the event.

When a rule is unclear, stop shopping and ask a Campbell's Crew representative before moving forward.
